INVENTORY TRACKING MANAGEMENT SYSTEM (iTRACK™)

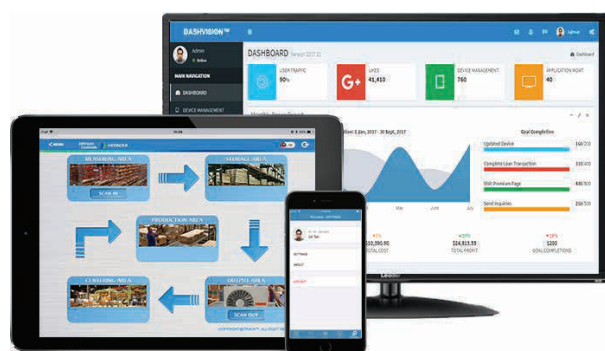

iTRACK™
INVENTORY TRACKING MANAGEMENT SYSTEM

INTRODUCTION

iTRACK™ is an Universal Inventory Tracking Management System which facilitates Organizations to Gain Complete Inventory Control of their Warehouses, Stockrooms & Other Storage Facilities. Additionally, **iTRACK™** can assist Organizations to Manage all of their Assets including Equipments, Furniture, Moveable Assets and any Items that need to be tracked and monitored.

BENEFITS

■ **ACCURACY**
By using QR-CODE, iTRACK can Eliminate Human Counting Errors of Inventories, thereby improving the Accuracy and Availability of items.

■ **SPEED & TIME SAVING**
Reduce Man Hours by using Automated Data Capture Facilities, which will Improve Performance and Accuracy

■ **REDUCE MANUAL PAPERWORK**
Reduce Manual Paper Works, as all forms and documentations are captured by iTRACK solution and only need to print what is required. This will reduce the cost of paper and storage substantially.
